For a more holistic approach to your child's development, consider using Bimi Boo Wooden Toys to foster early math skills.

Montessori Counting Pegs and Number Tracing Boards

This wooden toy leverages the Montessori approach to help children grasp the concept of numbers at an early age through sight recognition and the use of counting pegs. The storage box conveniently holds all 10 boards, 55 pegs, and a stylus, making it simple to keep the toy organized on a shelf or to take it on the go.

Stacking Numbers & Letters Toy

Children can combine wooden blocks to form shapes ranging from A to Z and 0 to 9, to chairs, homes, flowers, butterflies, roses, and mathematical geometries. This activity boosts hand-eye coordination and fine motor skills, making it an excellent learning resource for preschoolers.

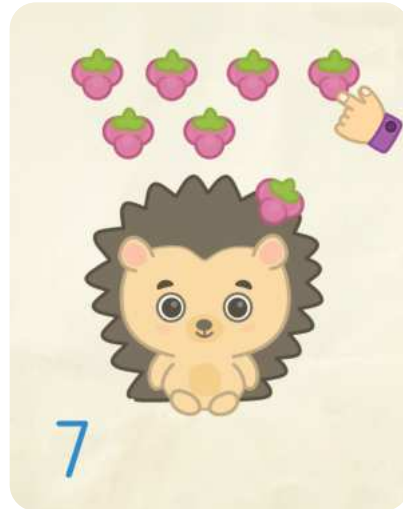

To encourage wholesome, interactive, and independent learning, as well as to nurture a love for numbers and math, suggest that your child use other Bimi Boo Apps.

Numbers

This app will allow toddlers to learn numbers 1 to 20 while playing entertaining mini-games. This number learning game features over 100 educational activities for your child to enjoy.

Academy

The app features 1700+ entertaining activities and covers the essential curriculum for preschool: letter and number recognition, reading, tracing, spelling, phonics, addition, subtraction, shapes and much more.

Baby Phone

Boys and girls will be able to learn numbers with correct pronunciation and have fun with different sounds. Call cute animals and talk to them in a very simple interactive way.

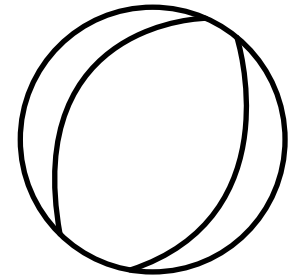

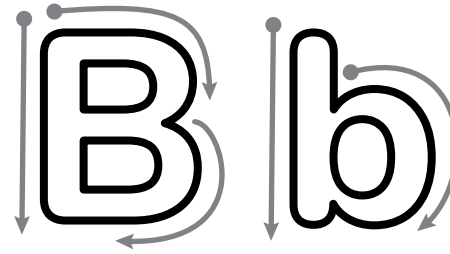

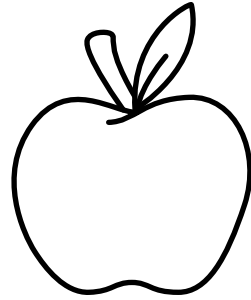

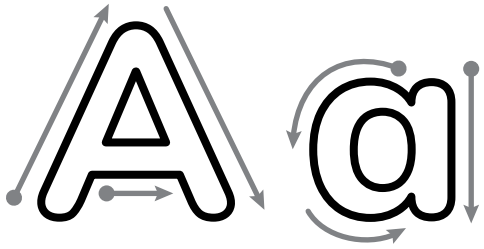

Mysteries

The app has 64 activities for toddlers (including counting) that will help your baby develop basic skills like hand eye coordination, fine motor, logical thinking and visual perception.

ABC ABC Learning

🐾 Animate Objects

☂️ Inanimate Objects

Wooden Alphabet Lacing Beads

Each lacing bead has an uppercase letter on one side and a lowercase letter on the other. Kids can lace them to enhance motor skills while learning their ABCs. Each block also features two attractive pictures related to the letter. This helps children recognize letter sounds and introduces them to different animate and inanimate objects in a playful manner.

Stacking Numbers & Letters Toy

Children can combine wooden blocks to form shapes ranging from A to Z and 0 to 9, to chairs, homes, flowers, butterflies, roses, and mathematical geometries. This activity boosts hand-eye coordination and fine motor skills, making it an excellent learning resource for preschoolers.

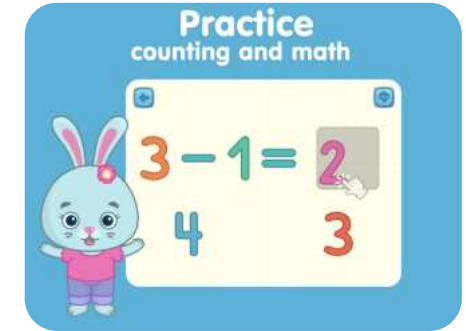

For wholesome, interactive, and independent learning, as well as to nurture a love for letters and reading, offer your child the Bimi Boo Academy App.

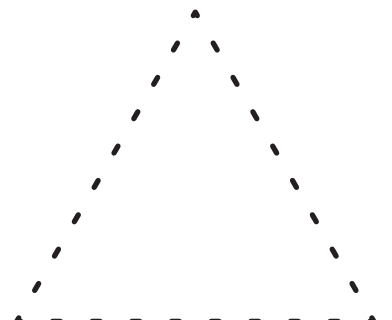

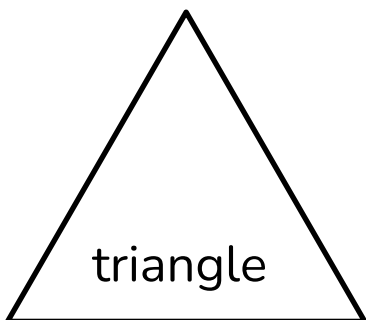

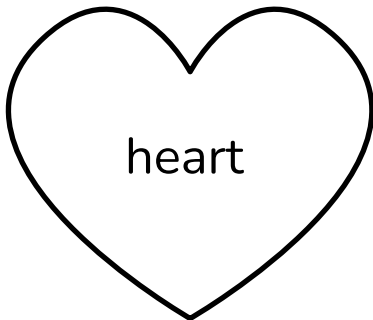

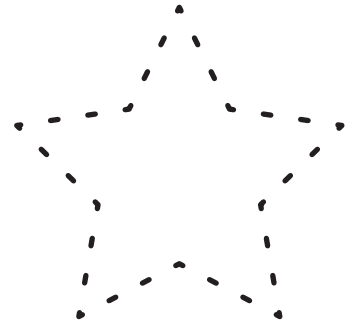

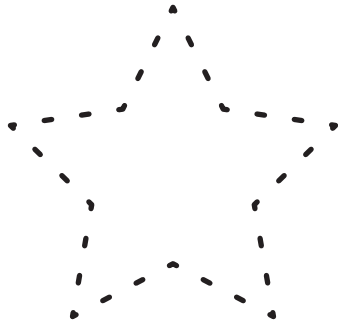

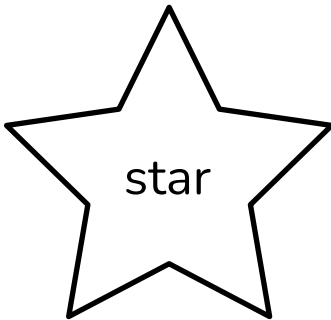

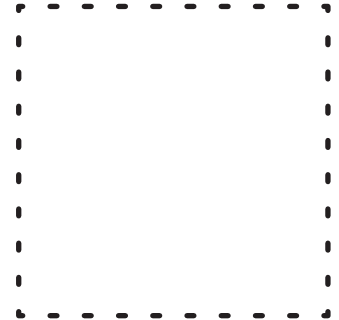

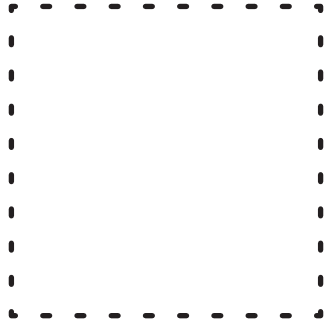

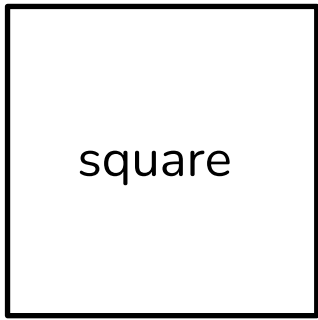

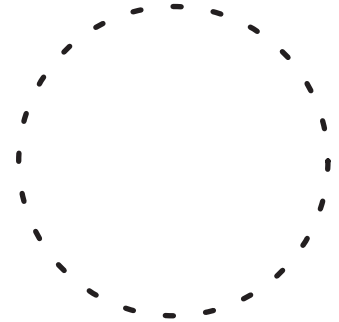

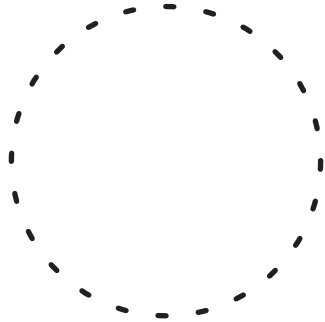

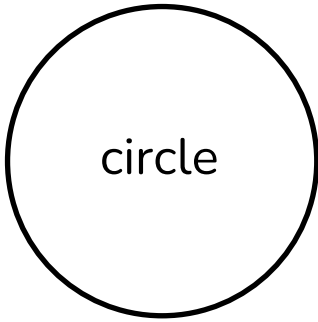

Academy

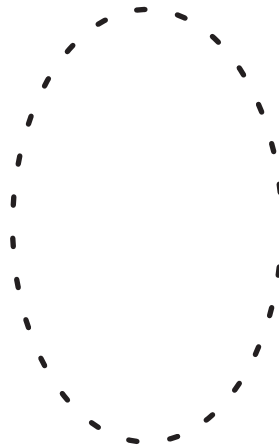

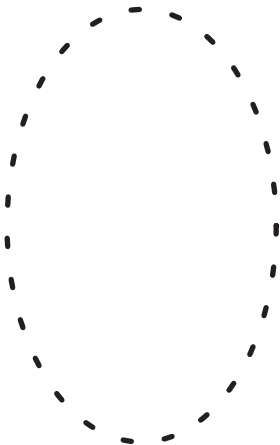

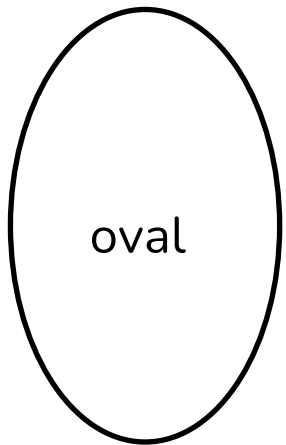

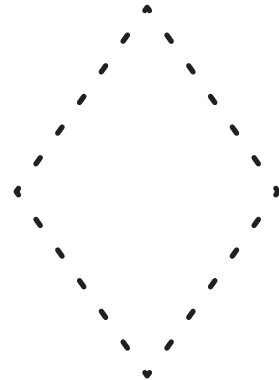

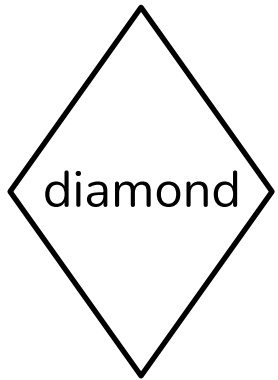

Learning games for kids by Bimi Boo is a comprehensive educational app for preschool development. The app features over 1700 entertaining games and activities and covers the essential curriculum for preschool: letter and number recognition, reading, tracing, spelling, phonics, addition, subtraction, shapes, colors, patterns and much more.

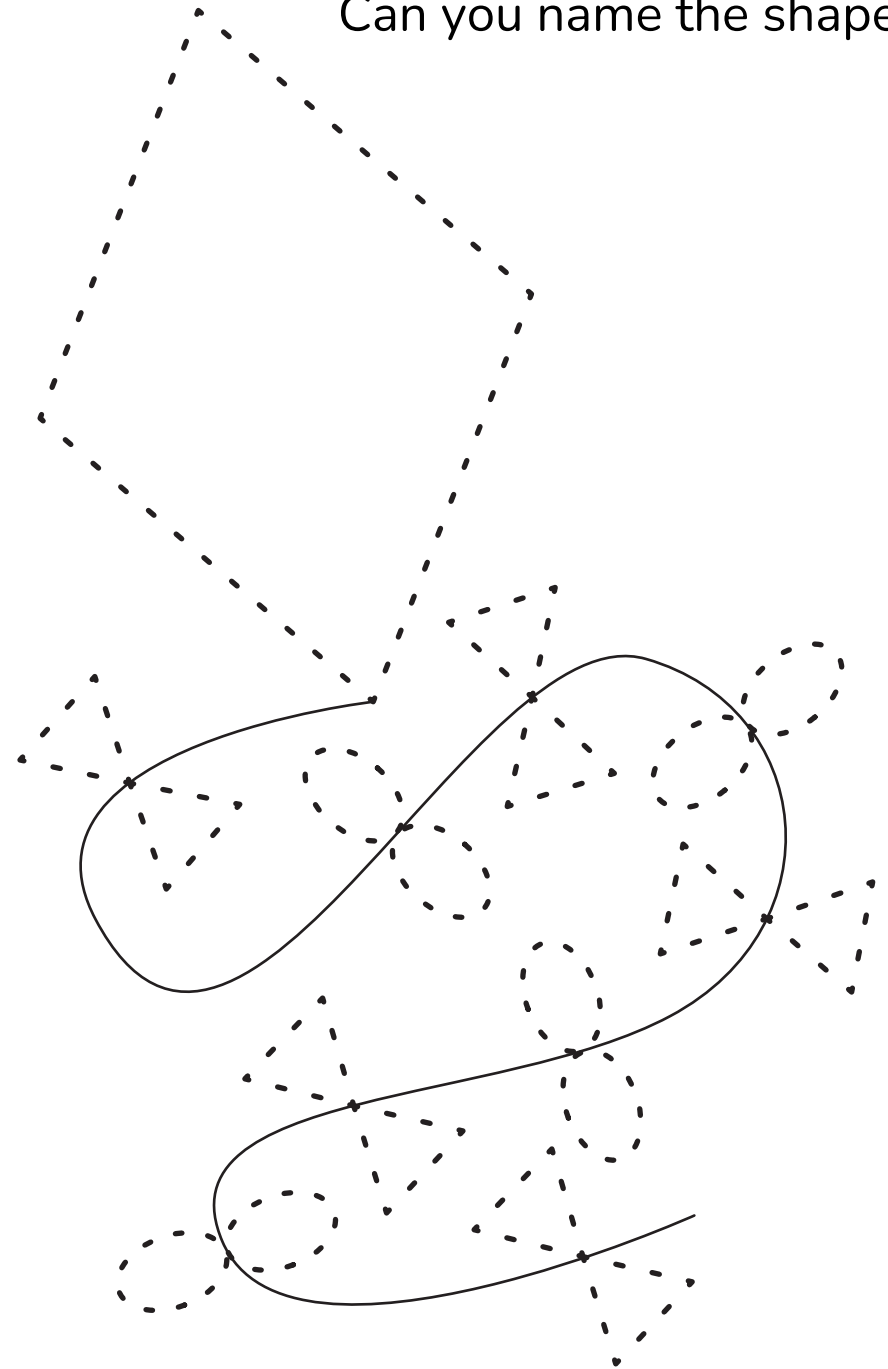

TRACING SHAPES

For a more comprehensive approach to your child's development, consider using Bimi Boo Wooden Toys to promote early shape recognition.

Peg Shapes House Puzzle

5-Piece House Puzzle is designed to help kids learn to identify shapes and colors. Featuring the adorable Bimi Boo characters, it includes five shapes: circle, square, triangle, oval, and rectangle. Enough large pegs help kids practice their fine motor skills as they pick up each piece and place it into the correct spot.

Wooden Shape Sorter

This classic Montessori Shape Sorter is a perfect toy to enhance 3D/2D shapes recognition for toddlers. It comes with a set of 8 colorful wooden shapes in 4 distinct colors, offering endless opportunities for sorting, matching, and imaginative play. The noise-reducing silicone pad guarantees peaceful playtime for both you and your little one.

Stacking Numbers & Letters Toy

Children can combine wooden blocks to form shapes ranging from A to Z and 0 to 9, to chairs, homes, flowers, butterflies, roses, and mathematical geometries. This activity boosts hand-eye coordination and fine motor skills, making it an excellent learning resource for preschoolers.

To encourage wholesome, interactive, and independent learning, offer your child use other Bimi Boo Apps.

Shapes & Colors

The app introduces children to the world of shapes and colors while also promoting their cognitive development. With 30 learning puzzles, the app teaches differentiation of shapes, colors, quantities, and textures.

Adventures

Baby games are designed to enhance your child's skills and introduce them to new concepts like shapes, colors, quantities, and sizes of various objects. The app can seamlessly integrate into your child's preschool education program.

Toddler Games

The app includes a ton of educational games: Sorting items by color, shape, quantity, and size; Classifying objects using logic; Matching geometric shapes by silhouette; Sorting figures in the correct order; Reconstructing pictures from memory.

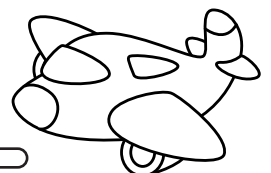

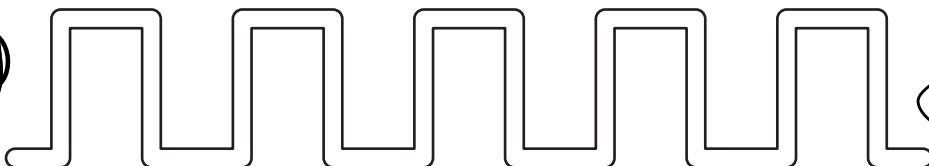

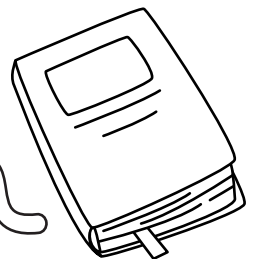

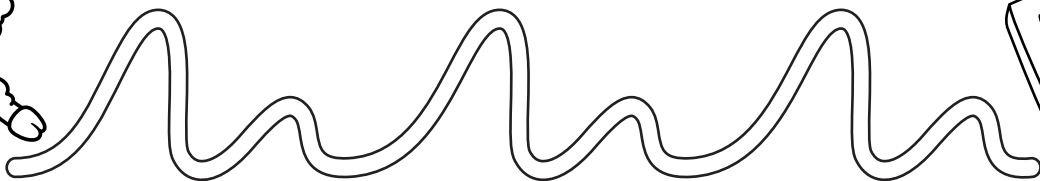

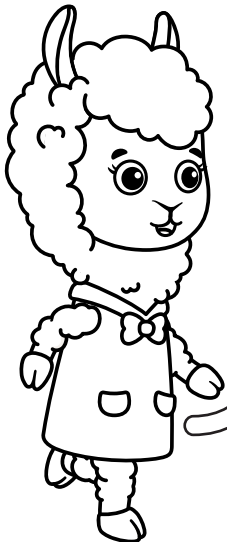

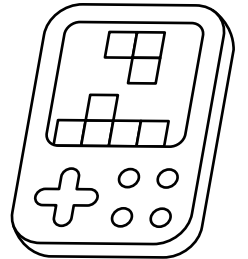

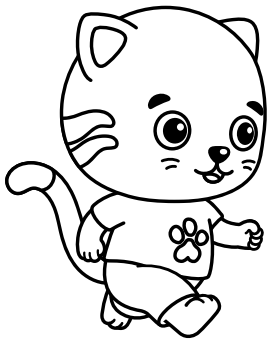

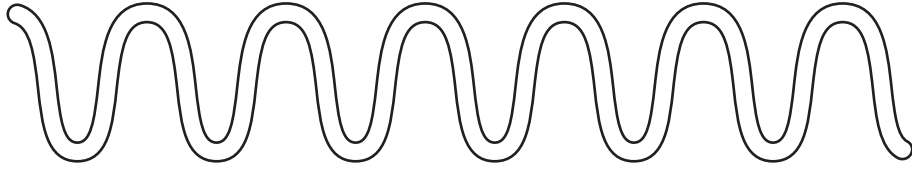

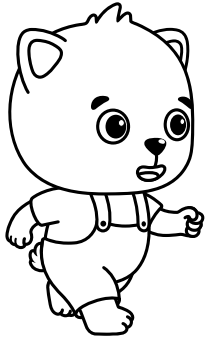

Mysteries

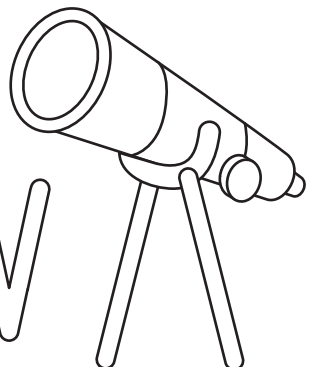

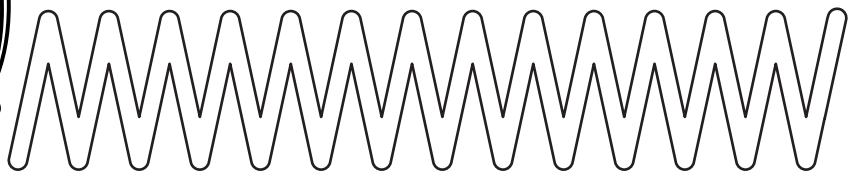

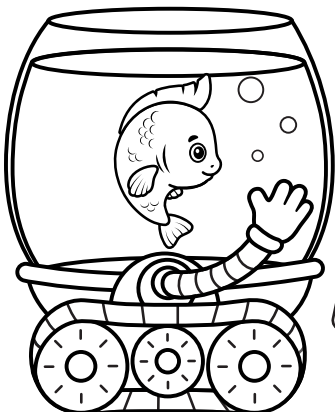

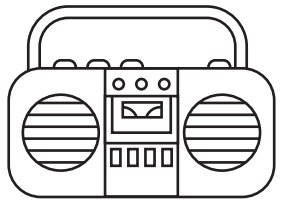

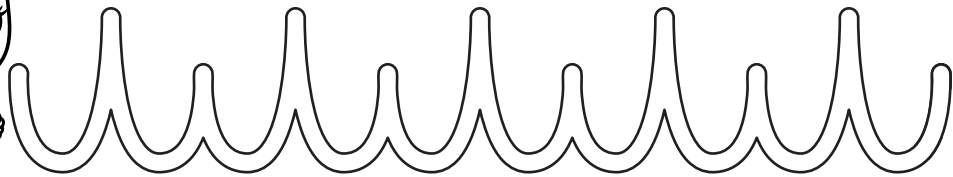

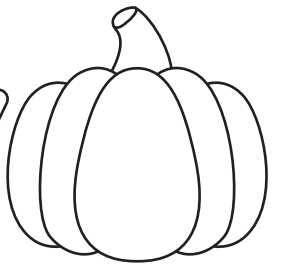

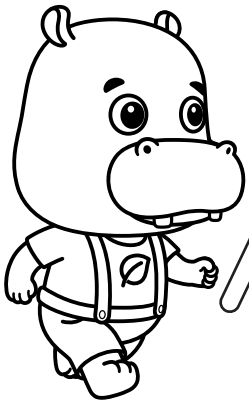

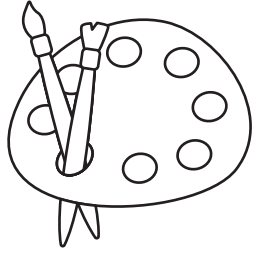

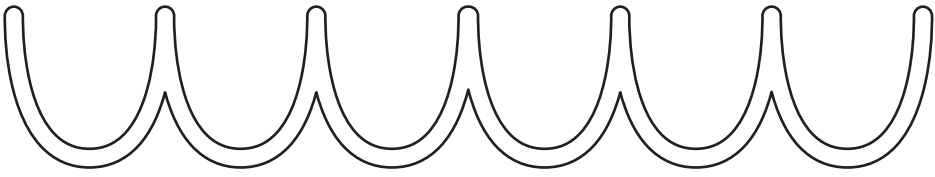

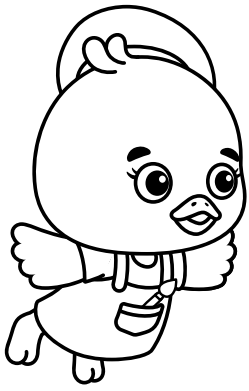

The app has 64 activities for toddlers (including counting) that will help your baby develop basic skills like hand eye coordination, fine motor, logical thinking and visual perception.

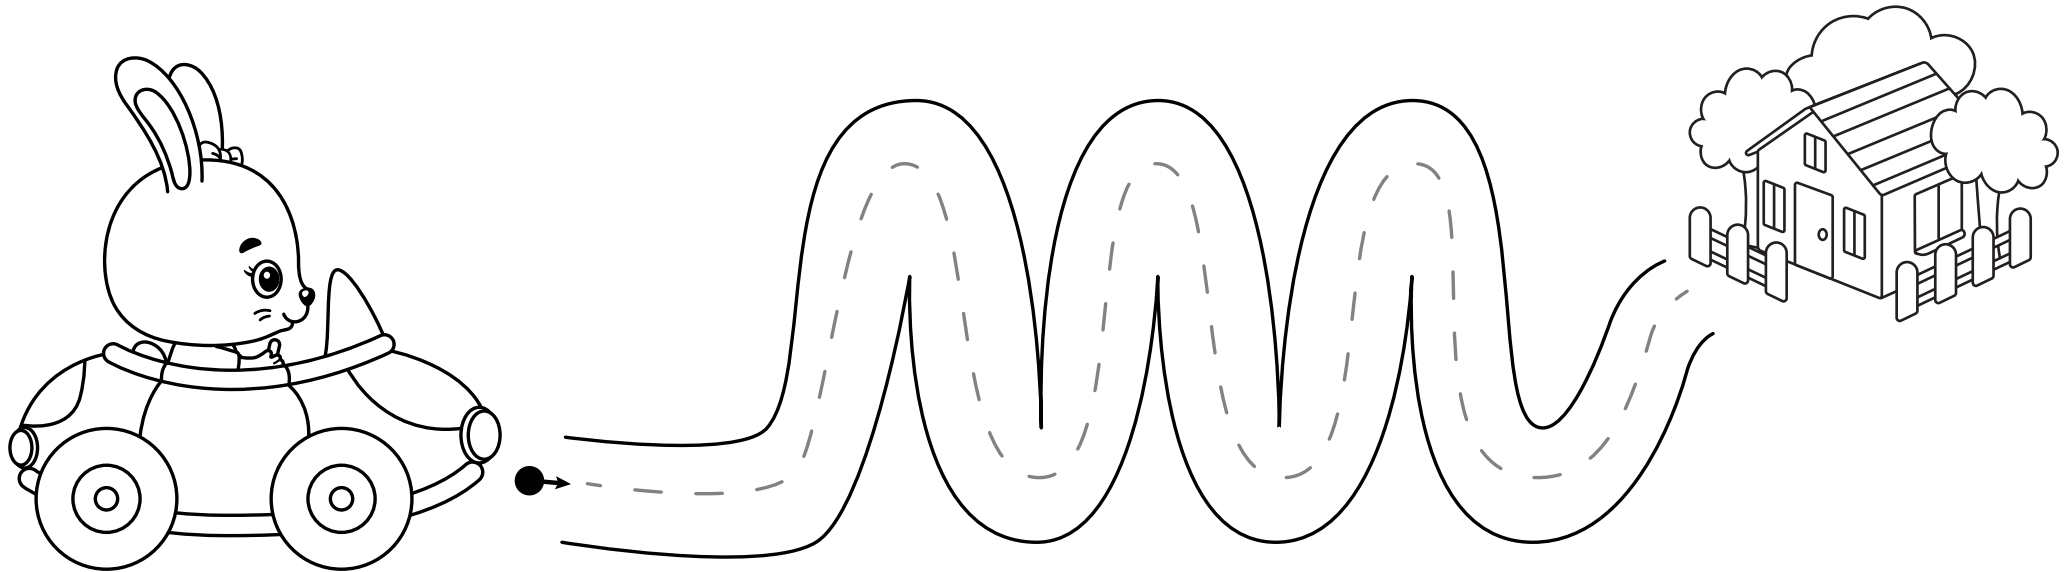

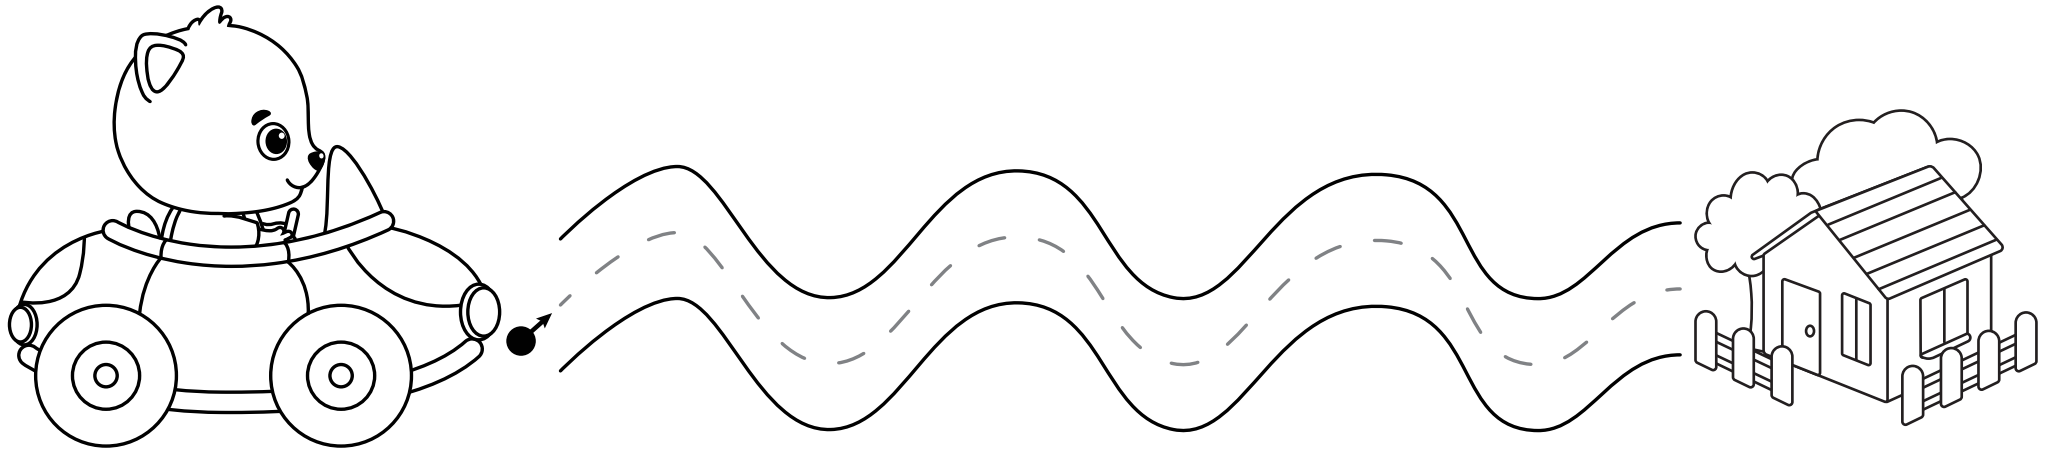

PRE-WRITING PRACTICE

Help Bimi and his friends find their favorite objects! Trace the line from each character to their favorite item.

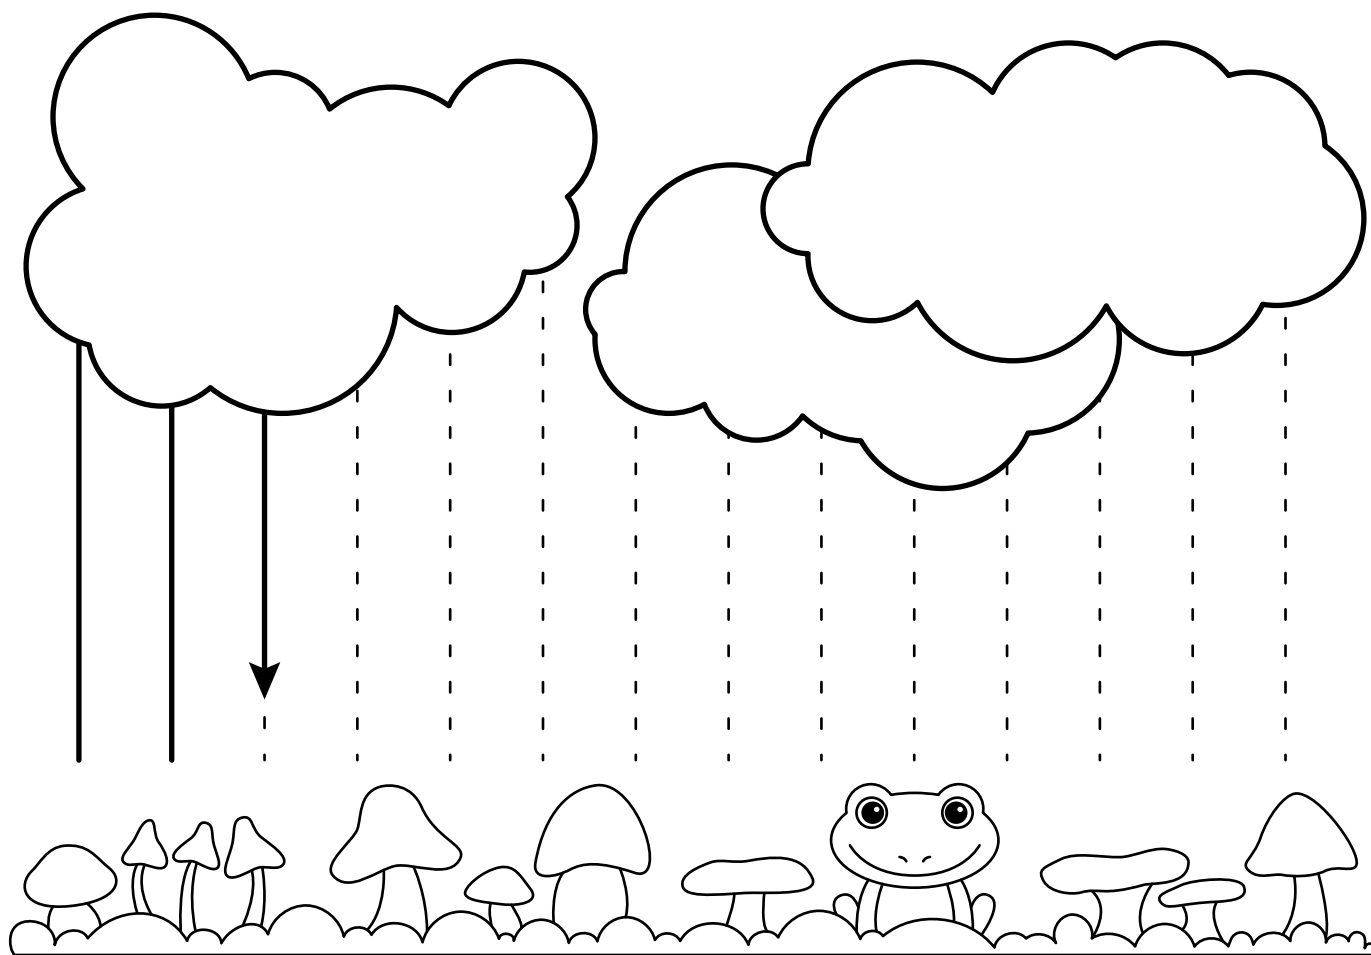

Help Bimi and Heidi drive home. Trace the lines.

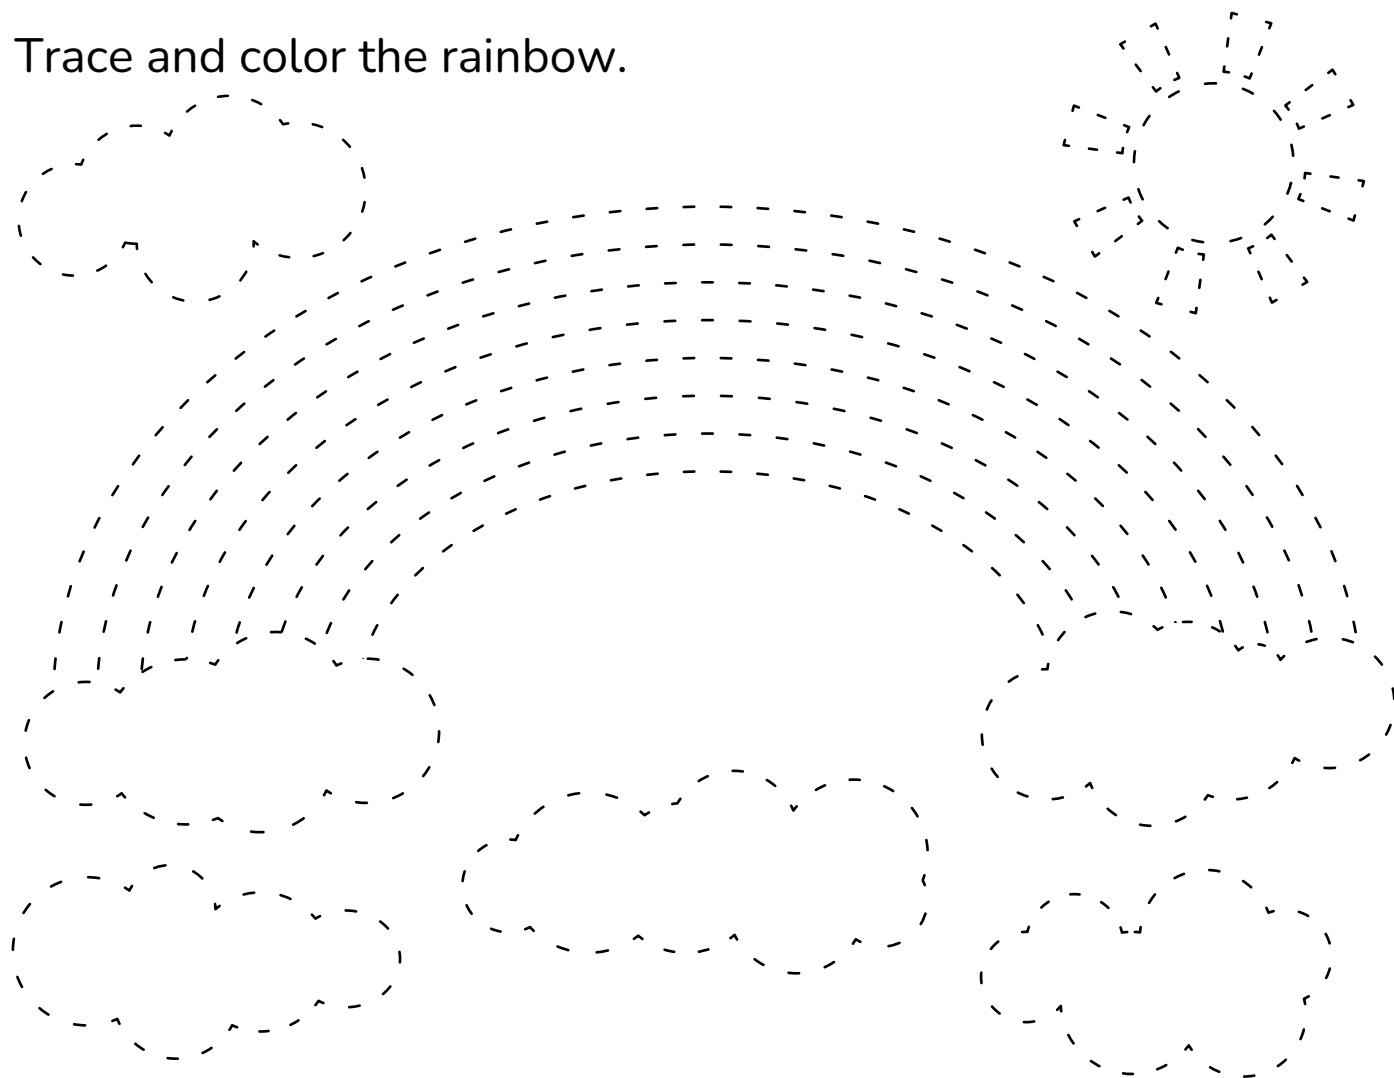

Trace and color Bimi Boo.

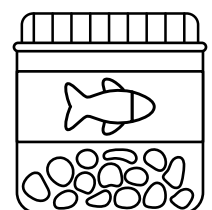

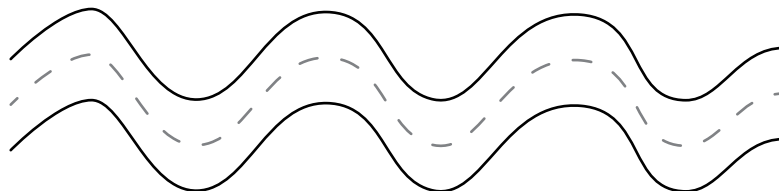

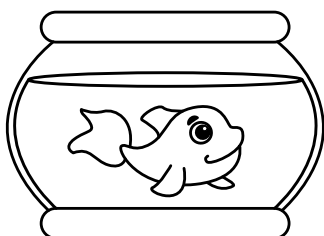

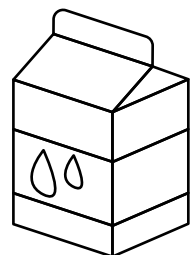

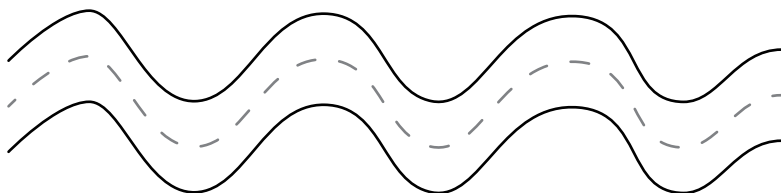

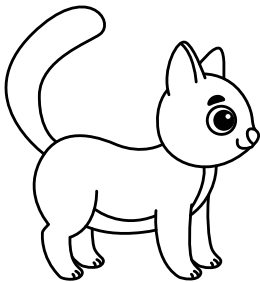

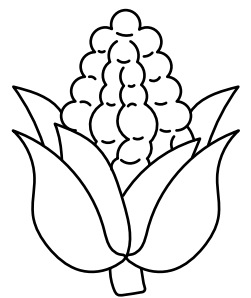

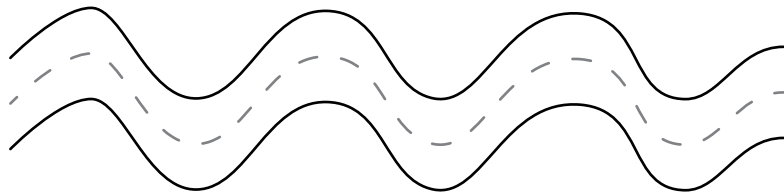

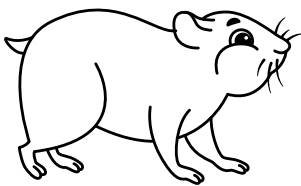

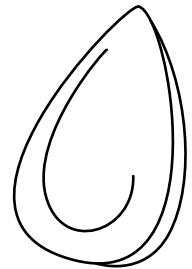

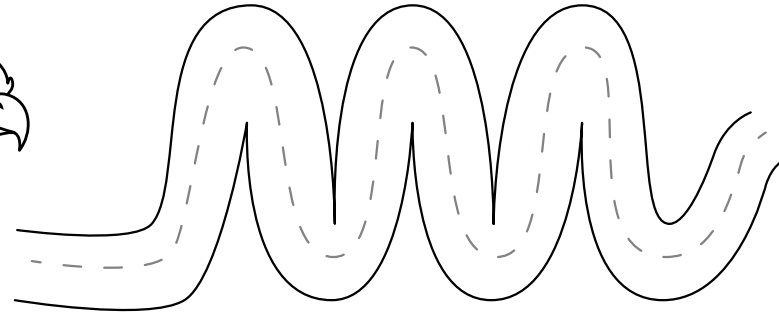

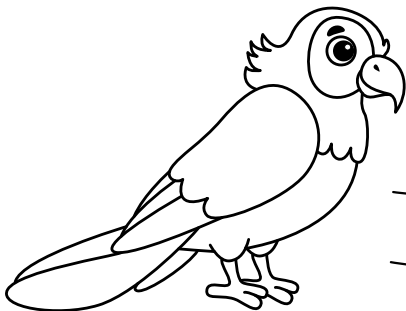

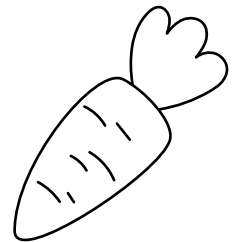

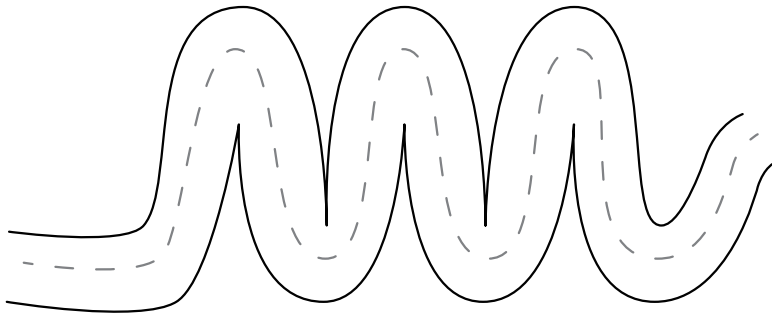

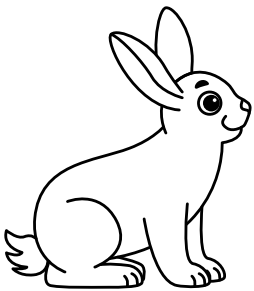

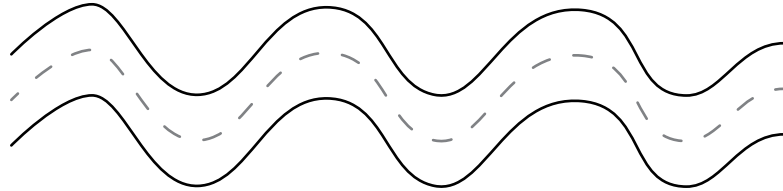

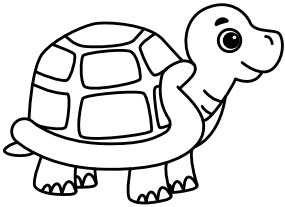

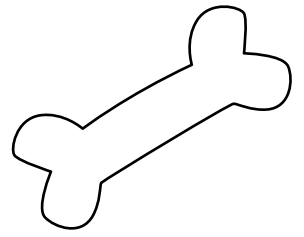

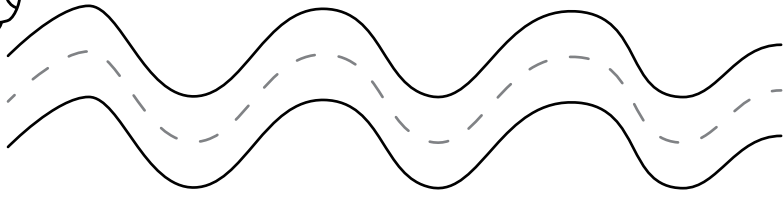

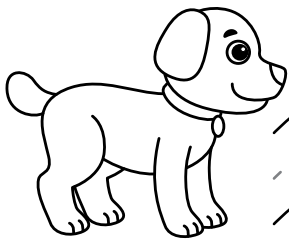

Color and trace the rain drops.

Trace and color the rainbow.

Help pets find their food. Trace the lines.

For a well-rounded and comprehensive development of your child, consider integrating additional Bimi Boo educational products into your learning routine. Our range of thoughtfully designed tools helps enhance fundamental skills such as fine motor skills, cognitive development, concentration abilities, and more. Empower your child to thrive and succeed with Bimi Boo's innovative learning solutions!

Wooden Magnetic Maze Game

Use a magnetic stick to sort balls through the maze. This farm themed magnetic maze toy is a fantastic tool for teaching observation, matching, sorting, and memorization. The magnetic sticks are easily stored inside of the actual toy. They fit perfectly and will not be lost through play.

Wooden Cars Set with Playable Characters

Push and Go Cars Set with immersive play experience. Includes playable figures for role-playing, fostering creativity and imagination. Wooden cars are a classic toy that has been enjoyed by children for generations. Spark your child's storytelling and imaginative skills.

Wooden Feeding Toy

Bimi Boo feeding game is designed to teach essential food groups, fostering early understanding of nutrition in an entertaining and interactive way. It also develops nurturing behavior through pretend play. With its convenient design, the toy ensures easy storage and portability, allowing for effortless setup and play on-the-go.

Wooden Pets Themed Chunky Puzzles

Help your child to learn animals and what they eat. The set includes 7 wooden animals: cat, dog, rabbit, fish, parrot, turtle, and hamster. Puzzles are made from durable high-quality wood and covered with safe paints.

To encourage wholesome, interactive, and independent learning, offer your child use other Bimi Boo Apps.
